### The Church Needs a Roof

The church auditorium is in need of a new roof and members of the church recently voted to replace and repair it. The cost for this project is about \$140,000. **We are praising God** because he has already blessed us with the funds for the repair, but this project will deplete our building fund. Because of this, **we are implementing the "Raise the Roof" campaign.**

**Our goal is \$25,000.** If you feel led to give to the building fund, just mark your donation as "Raise the Roof".
